The Bi-State Development Agency, operator of the airport, was notified by the Illinois Department of Aeronautics that Seebold's bid was \$92,280, the lowest of four bids submitted.

Second low bid was that of Bituminous Fuel & Oil Co. of Collinsville in the amount of \$103,965. Other bidders were Charles E. Mahoney of Belleville, \$105,000, and Koeley Brothers Contracting Co. of East St. Louis at \$118,124. The contract award is expected to be made soon, with work getting under way next month.

## Insufficient MFT Money Delays Four GC Street Projects

Improvement of sections of four streets east of Nameoki road, for which a bid call was authorized at the April 4 council session, will be delayed because the city has insufficient motor fuel tax funds.

A notice was received at Monday night's session from Robert Kronast, district engineer, who said the status of the city's MFT funds will be reviewed during the summer and the city notified them if the project can be undertaken. He pointed out the city has MFT commitments for Nameoki road and Maryville road projects.

The delayed improvement is for sections of Clark, Lindell, Cottage and Garfield avenues for several hundred feet east of Nameoki road, and the estimated cost is \$87,700.

The council last week awarded a contract totaling \$58,949 for MFT improvement to sections of Olive and Chestnut streets to serve Federal Aid Route 151 which is not to be constructed through the city over a year.

It was hoped by Eighth Ward aldermen that the Clark, Lindell, Cottage and Garfield avenues project could be carried out with the widening of Nameoki road, now under way.

**Rte. 151 Complaints**  
Kronast came under fire from Alderman Nomm, who again criticized the state for failure to

provide adequate suitable access roads in West Granite and for not planning to install fences along the dual highway through the city.

A meeting of Fifth Ward aldermen, the council's Street committee, local area legislators and Kronast is to be held at 8 p.m. next Tuesday at the city hall to discuss the city's demands for access roads and fencing. Kronast had advised the city, Mayor Partridge said, that the highway is to be constructed according to the present plans.

The mayor also reported he has not yet heard from the state on the city's appeal for a reduction in the \$120-a-month rent fee set for the former city firing range which is on the Route 151 right-of-way and is now owned by the state.

A petition with 23 signatures requesting sidewalks on both sides of Oregon avenue between St. Paul avenue and Fehling road brought out a debate over city installation of new sidewalks, but approval was given for the engineer to prepare an estimate for inclusion in the budget.

The 11 aldermen favoring the sidewalks, pointed to the safety factor for children and the need, while the five objectors pointed out the city has in the past required property owners to pay for such construction, since it is an improvement to the prop-

## Auto Goes Into Ditch, Then Hits Tree, House

Six occupants of an auto that hit a tree and then a house at Nameoki road and Wilson avenue escaped injury about 5:45 p.m. Tuesday, according to police.

Officers said the driver, Harry Whitman, 1712 Edison avenue, was driving south and swerved to the right into the ditch along the roadway when another car drove onto the pavement, also traveling south.

His auto went into the ditch for 18 feet, and then crossed the pavement to hit a tree. The car then spun into the house of James Hoover, 2228 Nameoki road.

Police identified the other driver as Greg Lindsay, 2006 Nameoki road, who said he had looked both ways and saw no traffic before driving onto the roadway.

## Missouri Holds Bridge Builder Has Defaulted

Notice declaring the contractors for the Chain of Rocks bridge over the Mississippi in default for non-completion of their bridge contract has been sent by the Missouri State Highway Department to the Ruckman & Hansen Construction Co. of Fort Wayne, Ind.

The notice was mailed from Jefferson City this week, according to John Layman, St. Louis district engineer for the highway department, who said a week ago that such action was contemplated unless the contractors resumed work on the bridge. The bridge job has been halted since last Nov. 15.

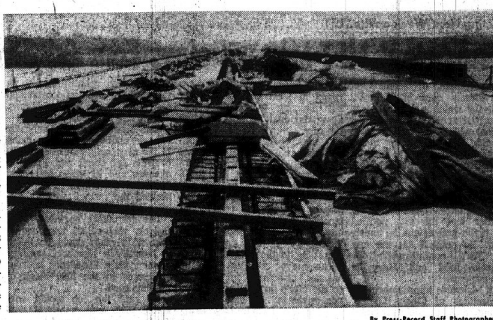

Phil N. Ruckman, president of the contracting firm, previously had promised to resume work on the bridge April 1. Layman said he believed the highway department had given the contractors sufficient time to resume the work. He said Ruckman had not informed either himself or the highway department of any reason for further delay.

Last November, Ruckman, when he shut down the bridge job because, he said, weather conditions during the winter made concrete work too costly, claimed the firm has lost \$300,000 on the \$1,269,575 contract to build the vehicle deck across the bridge. Since Nov. 22, deadline date for completion of the work, the firm has been penalized \$250 per day.

The notice also was sent to the Continental Casualty Co. bonding firm for the Ruckman company. Layman said the two firms now have ten days to resume work on the bridge. If work is not resumed in ten days, the highway department has authority under terms of the contract and bond to hire another contractor, "and we intend to exercise that authority," Layman said.

As a result of the delay in completion of the new bridge deck and completion of area highway work that previously had resulted in detours, the old Chain of Rocks bridge owned by the city of Madison is regaining some of the traffic it lost in recent years.

Mayor Stephen Maeras of Madison said recent reports that bridge traffic had increased 20% in volume "are not exactly true," he said. Bridge traffic this year is up about 20% over last year, but this does not neces-

### 3 Face Speeding Charges

Three motorists were issued arrest tickets yesterday on speeding charges. They were Robert Culbert, 288 Spaulding avenue, on Franklin avenue; Donald 000 on the \$1,269,575 contract to build the vehicle deck across the bridge. Since Nov. 22, deadline date for completion of the work, the firm has been penalized \$250 per day.

The notice also was sent to the Continental Casualty Co. bonding firm for the Ruckman company. Layman said the two firms now have ten days to resume work on the bridge. If work is not resumed in ten days, the highway department has authority under terms of the contract and bond to hire another contractor, "and we intend to exercise that authority," Layman said.

As a result of the delay in completion of the new bridge deck and completion of area highway work that previously had resulted in detours, the old Chain of Rocks bridge owned by the city of Madison is regaining some of the traffic it lost in recent years.

Mayor Stephen Maeras of Madison said recent reports that bridge traffic had increased 20% in volume "are not exactly true," he said. Bridge traffic this year is up about 20% over last year, but this does not neces-

## WATER for BETTER LIVING

Public fire protection wasn't always as good as it is today. What we now take for granted was many years in the making. The knowledge and inventiveness of water system engineers. The skills and experience of the equipment makers. The first-hand know-how of the fire fighters. It took all these, and more, to develop the high standards of fire protection we have come to expect. An important milestone along the way was the perfection of the high-pressure public water supply system. This is the type of system that serves our community well and provides the best possible protection against the awful menace of serious fire.

## Canada, U.S. Have Common Objectives

The United States and Canada have a common frontier and through the years have honored it in a joint good will program, Marvin Barnes, attorney, told the Granite City Kiwanis Club in its regular dinner meeting at the Rose Bowl Monday.

He said the friendly relations between the two countries is reflected through the Kiwanis International which has sponsored a park in British Columbia near Vancouver, Wash. Barnes pointed out that the Kiwanis Clubs of Canada have a number of different fund-raising projects to finance their civic activities, among them: the Toronto Club which owns a castle and charges tourists for inspection of the premises.

Barnes added that the club in Miami, Fla., owns and operates a parking lot with which it finances youth activities. He also presented a film entitled "Bonanza at Great Bear," a documentation on trout fishing in Great Bear Lake, the fourth largest body of water on the continent. The lake is so clear that persons flying over it can see to a depth of 150 feet. A ten-pound fish is considered small, Barnes said. The record catch is a 63-pound Northern Pike.

A prize — a tie made of rabbit fur — is awarded each day for the largest fish. Fish seldom go below the 50 to 60 foot level and a fisherman seldom makes a cast in the lake that he doesn't get a strike.

Fifteen members attended the meeting, along with one guest, Thaddeus "Doc" Nicciotti of Granite City.

Plans also were discussed for the 20th anniversary party to be held May 9.

## Nurse Refresher Course Planned at SE Hospital

A nurse refresher course for all nurses who are interested will be offered by St. Elizabeth Hospital, it was announced today. The course, which will be conducted next month, is being organized by the Department of Education, headed by Miss DeJores Clyde and Mrs. Marietta Daniels, nursing service director.

The course will be approximately six weeks in length and will be composed of clinical practice, classroom lecturing by various doctors and hospital department heads. The clinical practice will be conducted each Tuesday and Thursday from 9 a.m. to 3 p.m.

## Mrs. Edna P. Bandy Dies in Belleville

Mrs. Edna P. Bandy, 71, wife of the late attorney Harold J. Bandy and former resident of Granite City, died Wednesday in Memorial Hospital, Belleville, where she had been a patient for several months. Mrs. Bandy, with her husband and family, moved to East St. Louis about 20 years ago.

She made her home with a son, James H. Bandy, an assistant state's attorney of St. Clair county, at 38 Lindorf drive, Signal Hill. Mrs. Bandy was a member of the First Presbyterian Church and the Ladies Coterie while residing here.

In addition to her son she is survived by a daughter, Mrs. Richard A. (Helen) Miller of New York City, and by five grandchildren.

Funeral arrangements are given in today's obituary column.

## Amvets Post Accepts Two New Members

Thomas Deatherage and Donald Williams were accepted as new members of Amvets Post 51 at a meeting last night at the Post Home, 5100 Lakeview drive, Joseph Wickham, vice-commander, presided and Ben Sanders served as acting chaplain.

Floyd Tucker, membership chairman, said the post now has 124 members.

In other action, the group authorized purchase of an alarm system as a further protective measure against burglary. The post home was broken into last night for the fifth time in recent months. David Murphy, adjutant, announced plans to honor a post-sponsored junior girls' bowling team which recently captured the league championship. An annual bowling banquet for adult team members is slated for May 21 at the VFW Post 1200, he reported.

New officers will be nominated May 11.

## 2 Drivers in Crash Face Traffic Charges

Both drivers were issued arrest tickets yesterday afternoon in a crash of a van and an auto at 3111 W. 11th street, in which the van was overturned. No injuries were reported by police.

The van driver, Delmar Rhodbeck, 1429 Norwood drive, was charged with failure to yield right-of-way while traveling north on Wayne. The auto driver, Sherwin Heiman, 1412 Oakland drive, was charged with driving too fast for conditions. He was going west on Jill.

Police said the impact of the collision caused the van to spin around and flip over on its left side.

Give your worries a little time — they'll settle themselves.

## Kraus to Succeed Frohardt; Weiss Central Principal

With Ralph E. Frohardt announced as resigning from the Granite City school board last night named Frank L. Kraus to succeed him as principal of Coolidge junior high school. Kraus, currently principal of Central junior high school, will be succeeded there by Charles Weiss, now an assistant principal at Coolidge. Kraus resides at 2855 Spaulding avenue and Weiss at 2584 Lynch avenue.

Frohardt has served in the Granite City school district under all of its superintendents beginning with the first, his late father, L. P. Frohardt. In his term of resignation, Principal Frohardt praised Supt. Johnson's accomplishments as "leader of the educational program in our community."

Briggs to Be Replaced

The board also accepted the resignation of Eugene Briggs, Mitchell grade school principal, effective with the end of the term June 3, and voted to fill the vacancy. Supt. Johnson said he will submit a recommendation on a successor at the next board meeting May 8.

Briggs has accepted the position of assistant Madison county school superintendent, with duties effective April 25, but will devote fulltime to the Mitchell position through the term.

Heard earlier, informally rejected a request for a leave of absence beginning April 25, it was voted.

Supt. Johnson suggested delaying the Mitchell decision until after the June primary election, in which County Supt. Wilbur Trappe is opposed for the Des Moines nomination, but board members said this could be interpreted as injecting the school system into the political arena. Johnson conceded that other employees of the district are qualified for the principal position.

A 5-1 vote was recorded on hiring Miss Elaine Boyer, 18, daughter of Mrs. W. H. Boyer, clerk at Prather junior high school. Board Member Royce Timmons abstained and Member Robert Crider urged that hiring be carried out on the basis of earliest date of application of qualified persons.

Supt. Johnson said other factors should be taken into account in selecting secretaries, clerks and nurses. Crider disagreed, stating a recent nurse hiring job based on seniority of applicants.

In discussing the proposed employment of a painter, Board Member Joseph Linder suggested that a list of qualifications be determined for consideration along with the dates of applications submitted by painters.

The superintendent will prepare a painter hiring policy for board consideration May 8.

The district currently hires custodians and cafeteria workers on the basis of seniority of eligible applicants. Date of application is not considered in selecting teachers, however.

Dismissal, Resignations

The board dismissed George Withers as a Prather junior high school custodian for accepting the pastorage of the Pleasant Ridge Baptist Church while receiving disability benefits for a back injury.

Resignations effective June 3 were accepted from James L. Oliver, O'Grady, Mo., high school English and art instructor who will take another teaching position; Mrs. Sharon Woods, Edwardsville, Mo., Logan third grade teacher, whose husband will be working at Cape Girardeau, Mo.; Carol Hall, who did not accept an elementary teaching post offered to her; and Mrs. Bessie Coolidge, 3115 State street, Coolidge home economics teacher, who will retire.

Homer Sutton, a custodian, resigned effective today to take another job. Miss Kitty Reither, 2453 Cleveland, is a member of the Prather Junior high secretarial staff to accept other work. Joseph Busch, a painter, resigned to work elsewhere.

New Faculty Members

Teachers hired effective Aug. 29 were:

Hiring, Transfers

Three new custodians were hired for unspecified assignments — Estie H. Freeze, 216 Elm street, Harry H. Smith, 2312 Hodges avenue, and Thomas Brannan, 2707, Cayuga street.

Six transfers from current faculty positions to Project Liftoff were approved for beginning next fall were approved for Mrs. Emma Lou Boyer of Mitchell, Mrs. Mildred Starkey of Wilson school and Mrs. Mary Jane Raphael of Mitchell school, transferred to pre-school classes; Mrs. Josephine Wagner, Mitchell, and Mrs. Daisy Reva Turner, Logan, transferred to remedial reading; and Miss Sue Woodbright, Washington, to counseling.

Nurses hired for Project Liftoff will include Mrs. June Lux, 2803 Michigan avenue, Mrs. Margaret Amish, 2086 State street, and Mrs. Cecilia Kaylich, 2044 Delmar avenue.

Project Liftoff includes pre-school grade school counseling and remedial reading.

\$23,545 Federal Grant

The board was advised last night that a request for \$23,545 has been approved for another federal project, Project Car-On, devoted to junior high school remedial reading.

In other actions, the board approved a Granite City high school band trip (100 students, plus chaperons) to Mobile, Ala., and Pensacola, Fla., May 7-11.

Authorized Miss Frances in which County Supt. Wilbur Trappe is opposed for the Des Moines nomination, but board members said this could be interpreted as injecting the school system into the political arena. ## Water-Logged Teams in Inter-City Eager to Play

Three Inter-City League teams are still waiting to get their spikes into the 1966 season after suffering rainouts in their initially scheduled games April 17 and 24.

Troy, East Alton and Mercer of Granite City were tied for the second Sunday running when rain wiped out all of last week's contests except the Mitchell game with the Polish American War Veterans in East St. Louis.

The Mitchell club, after being washed out of its season bid in a contest with Troy, did get in its first licks for manager Jim

### Warriors Tee Off on Assumption 162-172

Warrior golfers had little trouble with Assumption's links squad at the Depot course Wednesday although both teams found the going underfoot rather sloshy. With weather preventing grass mowing, there was tall fairway growth.

Charles Henry, with a birdie on number eight, and Chip Green, with a birdie on number three, paced the Warriors with identical low cards of 30.

Jack Brisky and Gary Sturdivant carded identical 43s to yield a low-point team total of 168 for the Warriors while the Pioneers from East St. Louis scored 172. Low scorers for Assumption were: Ted Prada 40, Jim Brady 42, Bob Arnold 44 and Gary Arnold 46.

## Eighth, Ninth Grade Teams in Coolidge Wins

The Granite City high school oval was the busy scene Monday for three separate triangular track meets.

The first, a close seventh grade affair, involved Central, Coolidge and Roxana.

The second, an eighth grade contest, pitted Coolidge against Roxana and North Collinsville.

The third, the most involved of the ninth grade teams of Coolidge, Roxana and North-Collinsville.

Roxana garnered a victory in the seventh grade meet with 49½ points. Central, with wins in five events, including Mike Johnson's new record-setting toss of 33' 7½" in the shot, placed second with 40 points and Coolidge was close with 38½.

Coolidge won both the eighth and ninth grade division meets, paced by new Coolidge-record performances from Rick Talley and Tim Leonard in the eighth grade affair and Dave Mullen's triple-event performance in the ninth grade contest.

### Prather Takes Second Place in Tri Meet

In a triangular meet at Prather junior high school Monday involving the Chiefs, Edwardsville and North of Alton, Prather took second in both the eighth and ninth grade divisions. Edwardsville won the meet and North Alton placed third.

The Prather seventh grade team saw action, too, in a dual encounter with North Alton which took all but three events.

The Prather ninth grade team won three events and registered eight seconds, four thirds and a quartet of fourth-place finishes. The eighth grade squad, taking second place by only three points, won in four events.

## Stitch Sews Up Players in 3-2 GC Win

With pinch hitters coming through in clutch situations and Tom Stich putting the cliche about a "stitch in time," the Warriors edged East St. Louis 3-2 on the Flyers' diamond Wednesday.

The Flyers got to Warrior pitching early with three runs in the third for a run and gained another tally in the fourth on two walks and an error.

The Warriors, tamed until the sixth, finally solved things as pinchhitter Paul Kacera singled with two out after Bill Cox had walked. Jay McKechnie, also pinch-hitting, was hit by a pitch.

With the bases loaded for pinch-hitter Carl Bisson, his groundout to first took a bad hop and went for a two-run hit as the Warriors knotted the score.

Larry Ripka was safe on an error in the top of the seventh and Greg Patton doubled him in.

Clutch pitching by Stich in the bottom of the seventh frame tied the bases loaded with one out when Stich relieved Steve Lengyel, who was credited with the victory. Stich struck out the final two batters.

## Madison Tops Dupo in 4-0 Game Monday

Madison's Trojans, with pitcher Tom Williams getting off to a rocky start in contrast to his no-hit performance last week, finally settled down to beat Dupo 4-1 in a game Monday at Madison.

The Tigers, with the leadoff man doubling, got to Williams for two first-inning walks and had the bases loaded with one out. But, as was his pattern throughout the game, Williams got out of the difficulty caused by temporary wildness. He struck out 13 and walked six in the contest, allowing only two hits.

Only in the Tigers' third could Dupo take advantage of Williams' lack of control and Madison bobbles. A leadoff walk, stolen base, wild pitch and passed ball let in Dupo's lone tally.

The Trojans, on the other hand, nailed the Tigers early by scoring three times in the first. Louis Ratliff was safe on a first base error and Greg Wayslak on a fielder's choice after a teammate struck out. Steve Shipcoff's single netted one run. Walks 10

## Rabbits Drop as Favorite Target Of Ill. Hunters

The Illinois department of  
conservation has announced  
that its late winter and spring  
game census disclosed a large  
carry-over of quail and squirrels,  
fewer pheasants and a rabbit  
population around the level of  
last spring.

Although the cottontail is con-  
sidered Illinois' most popular  
game animal, kill survey analy-  
sis revealed that for the first  
time since the annual conserva-  
tion department survey was in-  
augurated, Illinois hunters  
bagged more squirrels than rab-  
bits last year.

During the 1965-66 season,  
about 60% of licensed hunters  
went after rabbits, averaging one  
to two a trip. The number of  
rabbit hunters was down about  
10% from previous years.

About 50% of licensed hunters  
were hunting squirrels during  
the season, with a bag average  
of from two to three per trip.

A decrease estimated to be  
30% in the pheasant population,  
plus a large amount of corn left  
standing in fields, cut pheasant  
kill to one cock for every two  
hundreds early in the season and  
later the average dropped to one  
for three hunters.

The 30% of licensed hunters  
who hunted quail averaged two  
to three bobwhites per trip and  
averaged from four to five trips  
for the season, registering a  
slight decrease in quail hunting  
success for the period surveyed.

tures they forbid character in  
their children by example.

## Tri-City Speedway Featuring Top Racer

Hoping to complete its second  
scheduled racing program after  
being washed out last weekend,  
officials at Tri-City Speedway  
will present a program high-  
lighted by the appearance of  
Galesburg, Ill., super-modified  
racer Jerry Blundy Saturday  
night.

Blundy, widely known in racing  
circles, was rated as one of the  
top U.S. drivers in 1965 and  
placed second in the 65 national  
championships for super-modi-  
fieds at Knoxville, Tenn.

The program Saturday will be  
an 11-event card with time trials  
getting under way at 7:30. Actual  
competition will start at 8:30,  
with fender benders using the  
quarter-mile oval and super the  
half-mile track.

## Parks, Rains Pitch as Sophs Win One-Hitter

Jim Parks and Don Rains al-  
lowed O'Fallon only one hit in a  
sophomore baseball contest on  
the Panthers' diamond Monday  
as the Warriors sophomores  
eased O'Fallon 2-1.

The Panthers' lone tally came  
as a result of a throwing error  
in the second inning following  
two of Parks' five walks.

Bob James singing behind  
Mike Dochow's triple tied the  
score for the Warriors in the  
fourth.

Barry Lloyd singled in Rick  
Fossick, who had doubled for  
the winning run in the top of  
the seventh, giving the Granite  
City sophomores a 3-2 spring  
schedule.

### Mrs. Ida Tuschhoff, 71, Former Teacher, Dies

A former Granite City school teacher, Mrs. Ida A. Tuschhoff, nee Reimers, 71, of Blue Mound, Ill., died suddenly at 3 p.m. Tuesday, following an apparent heart attack suffered at home. She was the sister of Mrs. Dora Grafford, Mrs. Helena Chalmers, and Charles and Henry Reimers, all of Granite City.

Born in Mitchell, S. D., Mrs. Tuschhoff moved here with her parents, the late Mr. and Mrs. Claus Reimers, in 1886. She was graduated from Granite City high school in 1912 and attended Harris Teacher's College in St. Louis, later teaching at Washington elementary school a number of years. Between 1933 and 1940, Mrs. Tuschhoff and her husband, the Rev. J. E. Tuschhoff, who survived her, lived in Decatur, Ill., where the latter was pastor of the Decatur Methodist Church.

The couple also have lived in Quincy, where they served as superintendent and matron of a Methodist Sunset home. In 1948, the family has resided in Blue Mound. Rev. Tuschhoff, now retired, is a former pastor of Niedringhaus Memorial Methodist Church.

Also surviving are two step-sons, Elmer E. Tuschhoff, Freeport, Calif., and John V. Tuschhoff, Decatur; five step-daughters, Mrs. Harris (Helen) Dean, Tampa, Fla.; Mrs. Floyd (Elnice) Hessel, Kearney, Mo.; Mrs. Andrew (Mary) Neureuther, Decatur; Mrs. James (Jean) Pistorius, Blue Mound and Miss Elsie Tuschhoff, Waynesville, N. C.; a third sister, Mrs. Barthel Kniep of Evanston, Ill.; 19 grandchildren and eight great-grandchildren.

A brother, Dr. A. J. Reimers of St. Louis and a sister, Mrs. Emma Saegesser, Granite City, preceded Mrs. Tuschhoff in death.

Funeral arrangements are given in today's obituary column.

### Vietnam Scenes Shown, Described to Travelers

Scenes of Saigon and the surrounding area were shown in color slides and were described by Capt. Charles A. James of the Granite City Army Depot in a report on Vietnam to the Travelers Abroad organization Monday evening in the Prather junior high school library.

Capt. James, who returned this year from duty in Vietnam, said the fighting has taken its toll on the country, and many children lack sufficient food. He supported American assistance to Vietnam, and said the weather there adds to the problems of U. S. servicemen; he pictured the two main seasons as hot and rainy and hot and dry. He lost 15 pounds during his tour there.

A question period followed the talk, and souvenirs were displayed. Miss Alice Purdes, president, presided and Mr. and Mrs. Alfred Krumsiek served as hosts. A spring decorating theme was used, and refreshments were served. About 35 attended.

Next meeting will be the group's annual spring banquet at 6:30 p.m. Sunday, May 22, at the Rose Bowl. Col. Charles B. Schweitzer, commanding officer of the Army Depot, will speak on Turkey.

### Council Pays Tribute To John J. Doohier

Granite City council members paid tribute to the late controller, John J. Doohier, by standing for a moment of silence at the start of Monday night's council session. The council members and other city officials had visited the funeral home prior to the meeting, and the city hall offices were closed Tuesday morning for the funeral.

### Pontoon Loses Majority

Attorneys later pointed out that the proponents of the annexation required a majority of names to substantiate their plea, but that since the objectors in their petition exceeded the number of petitioners for the annexation, dismissal of the annexation plea could be the only outcome.

### Simple Majority

Dismissal of the annexation plea removes a legal cloud over the status of an annexation ordinance passed by the city of Granite City to take in the 20-acre site of the new Grigsby junior high school. The site also was included in the tract proposed for annexation by Pontoon Beach.

Had the village annexation proceeding been successful, the legal problem of precedent involved in the school annexation would have created difficulties for both the school district and the city of Granite City. School officials sought the annexation to permit installation of sewers at the school with connections to city outlets. In addition, acquisition of the 700-acre tract by Pontoon Beach would have blocked the possibility of expansion in that direction by Granite City.

**a lot of your neighbors have stopped baking pies!**

Maybe it's because they discovered Jane Parker Pie... thousands have.

But...you say, "No thanks, there is nothing like a good home-baked pie."

We agree...they're great."

But would you believe it if we told you our Jane Parker Pies taste home-baked? Probably not...until you've tried one.

Then you'd discover the crust is short and flaky like your own.

You'd discover the fruit is the kind you'd use... the best...juicy, not stiff with starch.

And if you popped a Jane Parker Pie into the oven and warmed it before serving, you'd discover a pie you'd be proud to call your own.

Are Jane Parker Pies a good reason for shopping A&P? They're one of many.

IS YOUR BIBLE TOO SMALL? IF YOUR BIBLE IS TOO SMALL, COME TO UNITED PENTECOSTAL CHURCH WHERE THE BIG BIBLE IS TAUGHT. IF YOUR BIBLE IS SO SMALL THAT MORE CHURCH TRADITIONS ARE STUFFED IN TO FILL THE empty places of the heart and mind, then may we help you?

The BIBLE called SCRIPTURE contains ALL that is needed to make a complete person with full equipment for the Christian life (Timothy 3:14-17).

Express Scripture and necessary implications therefrom give full and complete instructions in all matters of Faith and Moral practices. There is no need of cementing foreign doctrines that are strange to the words of Scripture to supplement the Bible.

The real problem is not that the Scriptures lack the content of word and example, but that men do not believe in Scripture fully.

Compare the Faith of a Bible Christian with the faith that must be supplemented and it is easy to see that the addition of mere church tradition does not add to Christianity.

A Larger BIBLE is big enough to make anyone the right kind of Christian!

Anxiety contributes to many health problems and is more widespread in the U. S. than is generally realized, Madison Rotarians were told yesterday by Dr. J. E. Weed, Madison chiropractor.

A high percentage of such tension and worry stems from people's work, and anxiety is among the chief health threats to businessmen over 40, Dr. Weed said.

## The Law Serves You

### Law of Bailments Affects Those Who Borrow, Lend Possessions

Can you collect from the restaurant owner if your hat is stolen from the hat rack? If your brother, or child, or best friend uses your car and injures someone while driving, are you liable? These and similar questions are often asked of lawyers by worried clients and curious friends. The answers are found in a special branch of the law known as the "law of bailments." The bailment arises when possession and custody of personal property is given to another (the "bailee"), but the ownership remains in the lender (the "bailor").

Bailments can be for a fixed period of time or for an indefinite term. They always relate to "personality," that is, tangible property not attached to land. Possession Must Pass Bailments give rise to special rights and duties. First, the bailor must give up possession of the property to the bailee. If the bailor does not, he cannot hold him responsible as bailee if it is gone when you look for it. However, if you leave your car with a hat-check girl, then she and her employer become the bailee of your hat. When Negligence is Presumed The bailor is under a duty to return the property in as good a condition as when he received it. If he fails to do so, then the law presumes that he was negligent in injuring or losing the property, and he has the burden of proving he was not at fault. For example, if you leave your car with an attendant in a parking lot, and find on your return

## Postal Savings Depositors Urged To Withdraw Funds

W. T. Overbeck, Granite City Postmaster, today urged Quad-City depositors with postal savings certificates to withdraw their accounts from local area post offices as soon as possible or as soon as the anniversary dates on their certificates are reached.

Overbeck pointed out that the postal savings plan has been eliminated under a law signed by President Johnson. He said that after April 28 no deposits will be accepted and no new accounts will be opened. Interest will end on the anniversary date of each certificate.

He said that for all certificates held by a depositor may be cashed at the same time and interest will be paid for each full month they have been outstanding beyond three months from the interest date.

The postal savings system was established in 1911 to get money out of hiding and to attract savings of a large number of immigrants who were accustomed to saving at the post offices in their own countries. It also served as a safe depository for people who had lost confidence in private banks. Today, however, with the growth of banking facilities paying much higher interest rates than the 2% per annum on postal savings, the system has outlived its usefulness, Overbeck said.

As of June 30, 1965, there were 997,029 depositors holding certificates in 3130 post offices throughout the nation. The number has been declining, he said, at a rate of about 6500 per month.

Overbeck said that unpaid deposits remaining in the post office beyond June 30, 1967, will be transferred to the treasury department in a trust fund and will be available for payment without time limitation whenever claims are received.

The postal savings system was established in 1911 to get money out of hiding and to attract savings of a large number of immigrants who were accustomed to saving at the post offices in their own countries. It also served as a safe depository for people who had lost confidence in private banks. Today, however, with the growth of banking facilities paying much higher interest rates than the 2% per annum on postal savings, the system has outlived its usefulness, Overbeck said.

As of June 30, 1965, there were 997,029 depositors holding certificates in 3130 post offices throughout the nation. The number has been declining, he said, at a rate of about 6500 per month.

Overbeck said that unpaid deposits remaining in the post office beyond June 30, 1967, will be transferred to the treasury department in a trust fund and will be available for payment without time limitation whenever claims are received.

He said that for all certificates held by a depositor may be cashed at the same time and interest will be paid for each full month they have been outstanding beyond three months from the interest date.

## Rulings Given on Zoning, Reports, Precinct Splits

A county zoning commission which had not completed its work prior to Aug. 2, 1965, should now proceed to zone the municipalities in the county which do not have municipal zoning ordinances, Illinois Attorney General William G. Clark has ruled.

A school treasurer is a "public officer" and as such must file and publish statements of monies received and disbursed by him, Attorney General has held in another new opinion. The statement must contain an accounting of all money received and spent, and it must be filed with the county clerk within 30 days after the fiscal year closes.

During that period, Clark's opinion said, the school treasurer must cause a correct copy of the statement to be published in an appropriate newspaper.

Township redistricting by county boards are required by law to divide districts or precincts in which more than 800 votes were cast at each of two consecutive general elections.

If a board fails to so redistrict precincts, the state's attorney upon request of an elector may apply for a writ of mandamus to compel a division, Clark said.

In Madison county, Miss Eulalia Hotz, county clerk, notifies township supervisors prior to the redistricting time, June and July of odd-numbered years, if they have precincts exceeding the specified voting turnouts.

Townships redistricted in 1965 included: Nanticoke, Chouteau, Edwardsville, Fort Russell, Alton and Godfrey. Wood River township also was notified and there are plans to increase its precincts in 1967.

## Attend Conclave of Jr. High Student Councils

Four delegates and one advisor from Coolidge Junior High School attended the annual convention of the Illinois Association of Junior High School Student Councils at Crete, Ill., near Chicago, April 22 and 23.

Delegates were Pat Pinegar, daughter of Mrs. Kathryn Pinegar, 3508 Johnson road, Cheryl Brinkmeyer, daughter of Mr. and Mrs. J. H. Brinkmeyer, 1524 Ferguson avenue, Linda Fischer, daughter of Mr. and Mrs. Otto Fischer, 2800 Adams street, and Susan Kiyasheff, daughter of Mr. and Mrs. V. P. Kiyasheff, 18 Devon Hill drive. They were accompanied by Miss Dorothy Hinson, Coolidge student council advisor.

Theme of the convention was "Youth-Focus on the Future."

In addition to the general sessions, each delegate attended two discussions in which ideas were exchanged on subjects affecting the student councils.

Main speaker was Gerald Van Pool of Washington, D. C., director of student activities of the National Association of Secondary School Principals.

Election of officers was held, with the following chosen: president, Tim Selander, Aurora; first vice-president, Peggy Amman, Crete; second vice-president, Tom Stachurski; Calumet Park; and secretary, Barbara Armstrong, Hillside.

An official seal was voted upon. The winning design was submitted by Litchfield Junior High School. There were 690 delegates present.

The local delegates and advisor visited Chicago while there, and returned home Sunday. The 1967 convention will be held in June.

## Jobs Available Now For SIU Students

Southern Illinois University has part-time jobs available now for qualified college students at the Carbondale campus. Junior College administrators were told last week.

Paul Bierman, supervisor in the SIU office of Student Work and Financial Assistance, said that jobs are available immediately for about 40 girls with good ability in shorthand and typing.

He also could use between 300 and 400 male students in maintenance and janitorial work, he said. Thus a shortage of students should not prevent otherwise qualified junior college students from completing their education.

Bierman was one of a panel of SIU staff members representing registration, admissions, student work, advisement and housing who answered questions in their specific areas. SIU's new graduate admissions policy provides for admission of junior college transfers in good standing in any quarter. Its board of trustees also has set aside 100 tuition scholarships for junior college transfers.

The junior college administrators were on the Carbondale campus attending the spring meeting of the Illinois Association of Junior Colleges. Eighty representatives from 30 junior colleges were in attendance at the session.

## 2 Ironworkers Hurt in Falls at Plant Project

Two ironworkers employed by the H. W. Kroeger Erection Co., a subcontractor on the Granite City Steel Co. expansion project, were hurt in falls in separate mishaps Tuesday morning.

Jack Cook, St. Louis, was knocked off the structural base for a motor in the motor room basement of the new hot strip mill and fell 12 feet, suffering fractures of the left leg and right wrist and cuts and bruises.

He was dislodged from where he was standing by a piece of sheet piling that fell to the ground and bounced sideways. The cause of the gutting falling from a hoist was not immediately determined.

Neal Leatham, St. Louis, escaped with cuts and bruises when he fell from a 65-foot-high perch on structural steel which will form a basic oxygen furnace building. He landed 12 feet below on broad girder which will carry the tracks of a traveling crane.

Leatham had been putting a plate between two trusses when he lost his balance.

## New Unit System Aids Patients at Alton State Hospital

Alton State Hospital is in the set-the-fruit-basket," Dr. Abraham Simon, superintendent, said, and modifying certain facilities to conform with the new unit system for patient care.

The changeover has caused a flurry of moving activity among both employees and patients, especially during the last few months since the transformation began in earnest.

"It's been like a game of 'up-

patient care with a limited number of employees, and this is considered an important factor in the state service. It relies on the decentralization of services so that aid is readily available to more patients at a given time."

In order to accomplish this end, it was necessary to divide the hospital into teams, each of which would be a cross-section of professional services.

This meant the patient population also had to be grouped systematically to receive treatment more routinely. Since the major part of the hospital's 1800 patients are from Madison and St. Clair counties, it was decided patients from each of those counties would constitute separate units and another unit would be formed from patients from the other fifteen counties in the East St. Louis zone. This arrangement proved suitable since it presented a realistic population ratio.

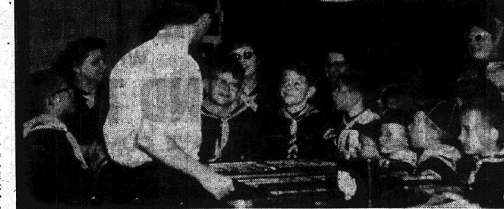

**Housing, Staffing**

To make the system yet more practical, it was necessary to house each patient group in a specific area and to move the professional team within easy reach of these units.

Naturally, this broke up traditional professional headquarters and sent fragments of each department to unit offices where they became integrated with other professional services. This decentralization applied to doctors down through the ranks of other professionals, including stenographers as well as aides who work on the wards.

Even the administration has been molded into a team called the executive committee. It is made up of Dr. Simon, his two assistant superintendents and the clinical director.

Each of the units functions independently from the others and develops its own treatment plan in accordance with group needs. However, each team has a co-

### U. of I. Annual Honors Program

Local students at the University of Illinois will be among those honored Friday during the university's 42nd annual Honors Day Convocation to be held in Assembly Hall on the Champaign-Urbana Campus. The honors ceremony is the initial program in the annual "Mother's Day Weekend" observance to be held through Sunday.

Among the 97 top ranking students, officially designated as "Bronze Tablet Seniors," is James Perry Warfield, a son of Mr. and Mrs. Eldon Warfield, 2010 Lindell, who is to receive University Honors. His name will be included among those cast in a bronze tablet and permanently placed in the U. of I. library.

Other local students receiving Honors Day Recognition are Barbara Jean Byrnes, Gloria Lucille Caban, Leroy Edwin Gilbert, Harold William Hill, James Elvin LeGrand, Barbara Louise, Virgil Lee Mainberg, Michael Keith Mundy, Terence S. Murtagh, Linda Diane Ouchowski, Dennis James Peirce, Robert Wayne Potillo, Janet Ann Rhine, Jack Leonard Salich, Pamela Kuyke Salich, John Lee Spudich, Stephen Anthony Stamps, Karen Irene Tegel, Larry Charles Tolbert, David Neil Tuth, Richard Theodore Weiss and William Craig Winter.

Students receiving Honors Day Recognition will have their names printed in the Honors Day Book. Students receiving University Honors (Bronze Tablet) are those who have maintained a cumulative grade point average of 4.5 or better for all work taken at the University of Illinois and rank, on the basis of their cumulative averages, in the top 2% of the students in their college who will graduate when they do. Each year the names of the University Honors students are inscribed on a bronze tablet mounted permanently in the south corridor of the University Library.

Howard K. Smith, noted television news commentator, will deliver the Honors Day address. University President David D. Henry will preside, with Prof. Joseph L. Drob, department of mathematics, to introduce the Bronze Tablet students. Classes and laboratories at the university will be dismissed for the convocation which starts at 1:15 p.m.

## SIU Prof Says Computer Can be Better Teacher

A leading educator at Southern Illinois University says there is the probability that a computer can teach better than the human mind in many instances.

Robert W. MacVicar, vice-president for academic affairs at SIU, told the Education Council of 100, Inc., at Carbondale this week that the computer never loses its temper or its patience.

"You can ask the computer the same question 10,000 times and it never gets exasperated or gives a sarcastic answer," he said. And it's always right when fed the proper information.

MacVicar spoke at the semi-annual meeting of the 31-county educational body on the subject, "New Horizons in Education."

The first industrial revolution replaced muscle power with machine power, he said. Today, with electricity working for everyone at a rate of 85 horsepower per person, a new industrial revolution is replacing the minds of men with machines.

Broad, Sweeping Horizons  
"The explosion in population and knowledge and the technical

we retain the conviction that the fundamental reason for education is that there is something worthwhile in the human being."

## U. S. Navy Seeking Seabee Recruits

Because of the war in Vietnam, the U. S. Navy is reinstating a world war II recruiting program to build up the Seabees, the famous construction battalion that contributed so much toward the success of the last world war.

In a priority drive to attract skilled workers, the Navy is seeking qualified skilled workers from 17 to 40 in a program in which they may enlist as petty officers and bypass the customary basic training program.

Enlistment will be for a minimum of two years, half the normal Navy enlistment.

Last week, the Navy's Midwest Division at Great Lakes appealed for volunteers to 135 Building and Construction Trades Councils in the Ninth Naval District, asking union officials to inform their members of the volunteer program and the advantages it offers to young men who have military obligations.

Under the plan a construction man will be rated as a Petty Officer, 3rd class, if he has 32 months of building training or experience; petty officer, 2nd class, for four years experience, and petty officer, 1st class, for seven years.

The new Seabees will take a petty officer indoctrination course and then will be assigned to battalions where they will be employed in their building specialties. More detailed information may be obtained from local Navy recruiting offices.

## Change now to a NO-FROST Refrigerator-Freezer

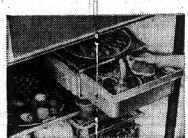

Today, defrosting has gone the way of the iceman. Modern refrigerators never need it. No more emptying drip pans. No more pick and shovel work to unstuck a frozen food package.

And that's just part of the story of the modern refrigerator-freezer combinations. New thin wall designs give you far more storage in the same amount of floor space as your old chest. And it no longer takes a Tarzan to pry loose an ice cube. Ice

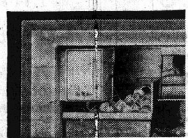

cubes are made automatically—dropped in a bin, replaced as you use them.

Gone too are the days when the refrigerator stood out like a white elephant in your kitchen decor. Today's designs make your refrigerator center a colorful, handsome addition to any decorating scheme. Find out how easy it is to change to a modern no-frost refrigerator-freezer.

# Beat the crowd to HOLIDAY SHORES

The dam is in, the water's 20 feet deep already, and you can get first choice of lots in newly-opened sections.

The season is about to start at Holiday Shores, the private lake community just north of Edwardsville, and you ought to see it now!

Holiday Lake is 20 feet deep right now at the dam and will be ready for use by the time the weather turns warm to stay. Work has started on the clubhouse, marina, beaches, docks, and picnic areas around the 17 miles of picturesque shoreline.

More than 600 families have already guaranteed themselves hours and days of pure

delight this summer, by buying property at Holiday Shores. Some have started building homes. Others won't build for some time to come—but they still will have access to all of Holiday Shores' facilities.

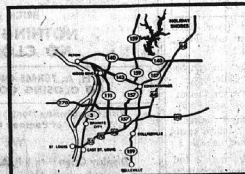

Now we're ready to open several new sections. If you come out this week, you can take your pick of lots in attractive areas on both sides of the lake—before our official second-season opening.

Furthermore, prices are bound to go up as the community develops. That's another good reason for you to drive out now, and reserve your lot.

## Sheriff Requests 3 More Janitors

A request for employment of three additional full-time janitors for the Madison county courthouse at Edwardsville has been made with county board finance committee by Sheriff Fraundorf. The sheriff is responsible for upkeep of the building. Fraundorf made the request after he received a letter from State's Attorney Bartylak informing him that the recent grand jury filed a report criticizing the uncleanness of the courthouse in certain instances.

Bartylak wrote him, Fraundorf said Wednesday that the grand jury "complained that the rest rooms were not being properly cared for and that the hallways and several office rooms left a great deal to be desired in the way of housekeeping and cleanliness."

Fraundorf added, "I have nothing to hide. It is humanly impossible to cover all of the work in the courthouse with three janitors."

The sheriff said there were three janitors employed in 1948, and now with several more offices and more employees, we still have three janitors."

He said one part-time janitor, in addition to the three, works only two days a week cleaning the traffic office across the street from the courthouse, and a matron helps out by distributing towels to the wash rooms in all of the offices every morning. Janitors also fill in as part-time elevator operators.

NEW EAGLE SCOUT, John Relleke, receives a Certificate of Rank from his father, Ivan Relleke, while his mother observes the ceremony held Tuesday evening at the First United Presbyterian Church. The youth was member of Boy Scout Troop 8.

## John R. Relleke Is Eagle Scout

More than 125 persons witnessed an Eagle Court of Honor at the First United Presbyterian Church Tuesday evening, when John R. Relleke, son of Mr. and Mrs. Ivan Relleke of Rural Route One, received the Eagle Badge and Certificate. He is a member of Boy Scout Troop 8, sponsored by the church.

Judge Austin Lewis, a past president of the Cahokia Mount Scout Council, gave the welcoming address, and Rev. Paul Sullivan, pastor of St. John United Church of Christ, offered the invocation. He had presented the new Eagle Scout, a member of his congregation, with the God and Country Award, in February 1963.

Ella S. Bruce Evans, Austin Lewis, Jr., Don Durbin and Rev. Paul Sullivan, posted the colors and Eagle Scout Steven Lewis, the award candidate, his parents and Scoutmaster Edward Yates before the board of review.

Relleke was held posts as assistant and patrol leader, and the top position of senior patrol leader in his troop. For his participation in camping and outdoor activities, he was awarded the Order of the Arrow and further achieved Brotherhood recognition in that organization. For the past four years he has attended camp at Camp Sunnyside, also has participated in the National Jamboree.

The new Eagle Scout presented Idaho, John Simurda, 2552 Madison; James Stephen, 2444 Benton; William Sykes Jr., 2525 W. 2nd; David Warren II, 2032 Benton; Jeffrey Scott Warren, 2032 Benton; Harold White, 1657 Third; Madison: Berry Sharp, 1614 Washington; Jeffery Sharp, 1614 Washington; Michael Boyer, 1741 Bremen; Harvey Hickman, Edwardsville; Ethel Gohn, 2847 St. 25th; Clifford Cressney, E. St. Louis; David Phillips, 2111 Benton; John Landers, Hartford,
